Special Assistant to AD/EE

21 May 1958

STATINTL

Iran - Aerial Photography.

1. A map of Iran showing aerial photographic coverage obtained by Worldwide Aerial Surveys, Inc. (Aero Service Corp. and Fairchild Aerial Surveys) under contract to the Army Map Service is attached per your request.

2. Almost the total area of Iran was covered by 6" focal length photography at 1:60,000. This is shown by the red lines on the map. A strip along the USSR border was all that was excluded.

3. The area portrayed by green lines was covered by 12" focal length photography at a scale of 1:30,000.

4. Flying under this project [redacted] was completed in 1957. The compilation of maps from the photography will go on over the next several years.

STATINTL

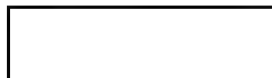

5. The photography is on file in the Pentagon at the Photo Records and Services Division of the Aeronautical Chart and Information Center, Department of the Air Force. [redacted]

STATINTL

6. If additional information is required, [redacted] will be pleased to assist.
